Courses and resources
used by thousands to get
break-thru clarity.

Welcome to Younique On Call! We are grateful for the opportunity to serve you. Although 2020 has been full of unforeseen challenges, we at Younique, see a big opportunity to disciple people through the disruption.

How are you helping people find work, engage with your community while scattered, and map their next best step? The disruption is real and people are looking for more than encouragement—they are looking for proven resources to move forward. Every person in your church is looking for tools to help them make great decisions.

Younique On Call is designed to unleash the special assignment God has for each one of us. These courses answer the questions people are asking right now: "Where will I find my next job? How will I stay connected to the people I care about? Where is God in this situation?"

Through Younique On Call, you can resource your small groups, classes, and missional communities even while not meeting in person, but you can also advance your disciple-making strategy through an interactive digital platform once you are meeting again. The enclosed guide for small groups gives you the power to use Younique On Call courses to bring people together for discussion on discipleship, work, and their dreams for the future.

If you have any questions or need help, don't hesitate to reach out to us at info@thefuturechurch.co. We will always be there for you.

Gratefully,
Kelly & the Younique Team
