

Objective & Big Idea:

To create a reference tool that puts all of the participant's core Passion Circle inventory on one sheet of paper so they have easy access to it.

BIG IDEA: “Gifting connects our lives to God’s power. Passions direct our lives with God’s precision.” - Dave Rhodes

How it Works:

Have participants look through their work from all of the Passion Circle tools.

Using their notes, have participants hone in on each of the answers the Passion Circle Inventory Worksheet is requesting. Communicate that having this inventory on one sheet of paper will be very helpful as they continue in the process. After they've filled out the Passion Circle Inventory, they need to file it under the “Sweet Spot” tab in Notebook.

Coaching Tips:

Remind participants that this is one of the “pause” moments to gain Insight from their Inventory.
